

Views of Lake Michigan

All the units at The Harbor Front feature a large wood deck that can accommodate a dining table, two deck chairs, gas fired grill, and planters. The decks are constructed from galvanized steel and ironwood decking- wood that looks like mahogany but wears like iron. The deck rails are infilled with tempered glass maximizing visibility while at the same time blocking the wind and expanding the season. The decks include an internal drainage system, a water connection, electrical connections, gas connection, and last but not least, fabulous views

off the bedrooms are large enough to accommodate a king size bed and free dressers and features large double wing windows

Large walk-in closet/ dressing area with three levels of storage space, allowing off season clothing storage on the top tier.

The master bath includes a large approximately three foot by six foot shower marble lined from floor to ceiling.

Hot water heater
High efficiency variable air volume heating, ventilating and air conditioning unit with air filtration system

Stacked washer and dryer
